MULE SX ACCESSORIES

STORAGE BIN
Make good use of the space under the passenger seat to fit this useful 13.6-litre storage bin. Seat bottom acts as a lid for the contents.

SIDE MIRRORS
Fit these adjustable side mirrors for increased safety in the work zone and easier vision for manoeuvrability on site.

LED LAMPS
Replace or supplement standard halogen lights with LED headlamps. These use less power to deliver a 50% brighter output with longer life.

BED MAT
Thick, tough rubber mat protects the load bed, reduces load slip and cuts down on noise. MULE logo imprinted on centre of bed mat.

MULE ACCESSORIES

BED EXTENDER
Maximise the usage of the load bed on your MULE by using the bed extender, the clamps allow you to adjust the length to your cargo.

CARGO BOX
Secure small items on your excursions with this versatile storage case. Features an insert for additional organisation. Can be locked for extra security.

TOWBALL BRACKET
For all your towing needs: this bracket facilitates attachment of most towball hitches.

HEAVY DUTY SPRINGS
For sustained transportation of heavy loads over challenging terrain, these heavy duty springs allow the MULE to operate at full capacity all the time.

BED LIFT KIT
Self-contained hydraulic system to effortlessly raise the full-rated load of the MULE load bed. Easy to install and operate.

HARD CABIN FOR DX
Structure made of high grade steel with quality black finish. Flip-up tinted single layer safety glass windscreen with rubber seals and locks. The doors are equipped with hydraulic stoppers, automotive style locks and sliding safety glass side windows.

HARD CABIN FOR SX
Structure made of high grade steel with quality black finish. Flip-up tinted single layer safety glass windscreen with rubber seals and locks. The doors are equipped with hydraulic stoppers, automotive style locks and sliding safety glass side windows. Available in packages and as modular parts.

WARN® ProVantage™ winches
A powerful permanent magnet motor, a smooth efficient three-stage planetary gear train, metal gear housing, an easy-to-use clutch control dial, fully sealed to keep the elements out, a patented roller disc brake for excellent control while winching, and a corrosion-resistant black powder-coated finish with a unique black hook and tie rods.
